Date and Remarks	Orders of the Tribunal
<b>Item Nos. 12 to 14</b>  <b>February 13, 2017</b>	<p>Heard further on M.A. No. 158 of 2018.</p> <p>Learned Counsel appearing on behalf of Delhi Jal Board has filed before us a survey of river Yamuna report dated 10<sup>th</sup> February, 2018 indicating starting point of Haryana, starting point of Delhi and other details. During the course of arguments it is addressed by Delhi Jal Board that it is necessary that sampling of water for the</p>

**Item Nos.  
12 to 14**

**February  
13, 2017**

purposes of determining Ammonia content be done at the entry point and the point of release of water from Tajewala till Wazirabad Barrage (W.T.P.). Learned Additional Advocate General – Mr. Anil Grover submits that State of Haryana will have no objection if such inspection is conducted by Central Pollution Control Board.

Learned Counsel for Central Pollution Control Board is present.

In the given circumstances the issue with regard to the extent of content of Ammonia in the water which according to the Delhi Jal Board has exceeded 0.8 to a alarming situation and as a consequence of less water at the upstream and high level of pollutants. Since this is in a nature of assertion rather than allegation, we are of the opinion let the Central Pollution Control Board conduct inspection and collect samples of the water at Tajewala Head Works and at Wazirabad (W.T.P.) and also from Okhla and ITO Barrage. As detailed in the map which is filed today. Report shall contain analysis of the water particularly with reference of Ammonia and of course other pollutants be filed by the next date of hearing that is 16<sup>th</sup> February, 2018.

Copy of the report be served in advance on account of Learned Additional Advocate General, learned counsel appearing for Delhi Jal Board and other counsel appearing in the matter.

Copy of the map be supplied to the Central Pollution Control Board.

List this matter on 16<sup>th</sup> February, 2018 at the end of the Board.
